COURSES OF STUDY.

The long course requires four years, leading to the degree of B. S. The short course covers two terms of fourteen weeks each. A certificate is granted to those completing the course. The winter dairy course lasts twelve weeks and requires for admission six months' previous training in a creamery or cheese factory. A summer dairy course is offered to a limited number of students, who will be admitted without previous factory training and may remain the whole season. To secure a dairy certificate the student must have two seasons' actual practice in a factory, one of which must follow his work at the dairy school. A two-week farmers' course, limited strictly to persons who are at least 25 years of age, is also offered.
